Reference for MaxTech Security Systems

MaxTech Security Systems was awarded RFP22-02, to Supply and Install Security Cameras and Software to City Hall and the Library. The RFP submission was thorough and well considered, and their questions and insight helped focus the project goals. The accepted proposal was for 23 cameras with the Verkada cloud-based system.

MaxTech worked with City and Library schedules and staff to minimize disruption, and the installation went quickly. Everyone was helpful and professional, and the entire project was well managed.

I'm happy to recommend MaxTech and look forward to working with them on future expansion.

Sincerely,

Scott Barnes
I.S. Manager
